### TRUTH-IN-SAVINGS ACCOUNT DISCLOSURES

*Except as specifically described, the following disclosures apply to all of the accounts. All accounts described in this Rate Schedule are share (savings) accounts.*

**1. Par Value.** The minimum required to open and maintain an account is the purchase of a \$5.00 par value of share in the credit union.

**2. Rate Information.** The Annual Percentage Yield (APY) is a percentage rate that reflects the total amount of dividends to be paid on an account based on the dividend rate and frequency of compounding for an annual period. The Dividend Rate and APY may change quarterly as determined by the Credit Union's Board of Directors for Share Savings, Club Accounts and IRA Savings Accounts. The Dividend Rate and APY may change monthly as determined by the Credit Union's Board of Directors for Money Market, Interest and Senior Checking accounts. The Share Savings Account is a Tiered Rate Account. The average daily balance is calculated by adding the balance in the account for each day of the period and dividing that figure by the number of days in the period. The first Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$.01 to \$499.99. The second Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$500.00 to \$1,999.99. The third Dividend Rate and APY listed for this account will apply if your account balance is from \$2,000.00 to \$9,999.99. The fourth Dividend Rate and APY listed for this account will apply if your account balance is from \$10,000.00 to \$49,999.99. Once a particular balance range is met, the Dividend Rate and Annual Yield for that balance range will apply to the full balance of your account. The Money Market Account offers two tiers. The first Dividend Rate and APY listed for this account in the Rate Schedule will apply if your account balance is \$1,000.00 to \$9,999.99. The second Dividend Rate and APY listed for this account will apply if your account balance is \$10,000.00 and over. Once a particular balance range is met, the Dividend Rate and APY for that balance range will apply to the full balance of your account. The Dividend

Rates and APYs are the rates and yields as of the last dividend declaration date which is set forth in the Rate Schedule.

**3. Nature of Dividends.** Dividends are paid from current income and available earnings after required transfers to reserves at the end of the dividend period.

**4. Dividend Compounding and Crediting.** The compounding and crediting of dividends and dividend period applicable to each account are set forth in the Rate Schedule. The Dividend Period is the period of time at the end of which an account earns dividend credit. The Dividend Period begins on the first calendar day of the period and ends on the last calendar day of the period. If you close your account before dividends are paid, you will not receive the accrued dividends.

**5. Accrual of Dividends.** For Share Savings, Club, IRA Savings, Interest and Senior Checking and Money Market Accounts, dividends will begin to accrue on noncash deposits (e.g. checks) on the business day you make the deposit to your account.

**6. Dividend Period** \*For these account types, the dividend period is quarterly, for example, the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is March 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is April 1. \*\*For these account types, the dividend period is monthly, for example, the beginning date of the first dividend period of the calendar year is January 1 and the ending date of such dividend period is January 31. All other dividend periods follow this same pattern of dates. The dividend declaration date follows the ending date of a dividend period, and for the example is February 1.

**7. Balance Information.** The minimum balance requirements applicable to each account are set forth in the Rate Schedule. For Share Savings Accounts, a minimum balance of \$5.00 must be maintained. For Share Savings, Interest and Senior Checking and Money Market Accounts, there is a minimum daily balance required to earn the stated APY for the dividend period. If the minimum daily balance is not met, you will not earn the stated APY. For Share

Savings, Club, IRA Savings, Interest and Senior Checking and Money Market Accounts using a Daily Balance method, dividends are calculated by applying a daily periodic rate to the principal in the account each day.
